Mr. J. M. Neblett of Dickson county.

is again in the city, employed in

surveying for the great Narrows

Gauley.

Mr. J. T. Woods, once of this

city, after an absence of several

years in Texas and Mexico, returned

Wednesday of last week and gave

us a call.

Mr. J. R. Peace, the gentlemanly

agent of the Southern Mutual Life

Insurance Company of Kentucky,

is visiting the family of Dr. R. C.

Wyatt, in New Providence, and

gave us a call Thursday.

Miss Mattie Higgins of New

Providence, is visiting Miss Patti

Garrett, in the Longview neighbor-

hood. Miss Mattie is a general fa-

miliar in Providence, and we have

heard of several boys sighing since

her departure.

Mr. J. S. Neblett, the senior pro-

prietor of the CHRONICLE, has been

kept at home all the week by sick-

ness. All short-comings in this is-

sue can be accounted for by the lack

of his indispensable presence. He

is afflicted with neuritis in the

head, and was still suffering con-

siderably Friday morning.

The Water Works.

Clarksville has suffered a water

famine this week; the supply was

cut off Sunday by the bursting of

one of the suction pumps. The

city has undergone considerable in-

convenience in consequence, and sev-

eral mills and factories have been

forced to suspend operations. The

Water Works Company is doing all

in its power to get their machinery

in operation again. The broken

pump is forty feet under water, and

it will be impossible to reach it

until the river falls. The com-

pany is not waiting for this, however.

They have ordered a new Den-

ver engine and pump from Indianapolis,

which has been shipped, and is

now on its way here. Capt. Gracey

and telegraphed the Indianapolis

Jefferson railroad to send it through

without delay, and if it is not de-

livered by the big rise in the Ohio

river, it may be expected here very

shortly. In the mean time the

Water Works house on the river

bank has been fixed so the engine

can be placed and put to work im-

mediately after its arrival.

The Seed Show.

We publish elsewhere the list of

premiums to be awarded at the

Seed Show, to take place in the

Court House on the 16th inst. It

will be noticed that it has greatly

increased since our last report, and

we are pleased at the indication

that so much interest is being man-

ifested in the show. We must con-

tinue to urge it on the farmers to do

all in their power to make the ex-

hibition a success. It is not ex-

pected to make any great display

of the seed show. The nature of

the exhibits will not admit of an

attractive display, and then that

is not the object to be served. The

purpose in having this show just

Election of Officers Friday Night.

The annual election of city officers

by the Board of Mayor and Alder-

men took place Friday night. Con-

siderable popular interest was man-

ifested in the elections, and the City

Hall was filled by a larger crowd

than generally attends the meetings

of the Board. "The New Board"

presents a very strong family re-

semblance to its predecessor as there

are only three new faces among the

nine members that compose it.

The first business transacted was

the reading and passing on rules of

order to govern the board. The

rules that have been in use for a

number of years were again adopt-

ed.

SALARIES.

Fixing the salary of the city offi-

cers was next in order. The

salaries for the year were fixed as

heretofore—the Mayor's at \$300,

Recorder's \$100 and perquisites,

Attorney's \$300, Marshall's at \$50

and perquisites, captain of police \$720,

police \$600, bridge keeper \$500,

market master \$100, treasurer \$100,

city clerk \$150.

When the consideration of the

City Attorney's salary was reached,

Alderman DeGraffenreid offered a

written resolution, seconded by

Alderman Smith, to abolish the

office. In support of this resolution

he made a speech, the substance

of which was that the office was a

sympathetic—that when the city had

suits in court other counsel always

had to be employed and such advice

as the City Attorney gave the

Board might be had gratuitously.

The people, especially the mer-

chants, of the city, were greatly

burdened with taxes, and he pro-

posed to top off all unnecessary ex-

penses. He demanded the eyes and

eaves on the resolution and wanted

every vote recorded.

Alderman Young replied that he

had been a member of the Board

for a long while and he could assert

from experience that the office of

City Attorney was a matter of econ-

omy. That many things arise dur-

ing the year on which legal advice

has to be taken and if competent

counsel is consulted each time,

the charges will amount to much

more than the salary of the City

Attorney.

Alderman Wilson rose to a point

of order. The office of City At-

torney was created by an ordinance

and could not be abolished by a re-

solution.

Alderman DeGraffenreid with-

drew his resolution and said he

would introduce an ordinance to

the same effect.

Alderman Wilson again arose to

a point of order. The ordinance

required that the City Attorney be

elected at this meeting of the board

for one year and an ordinance could

not be passed until it had been read

at two consecutive meetings.

The Mayor decided the point of

order well taken.

To be Given at Seed Show.

The best 25 ears of bread corn

premium by E. P. Groves, \$10.00

(confined to exhibits from Montgom-

ery, Cheatham, Houston and Stew-

art counties).
